*The
Students
Of
New
Trier West
Present*

NEW TRIER TOWNSHIP HIGH SCHOOL

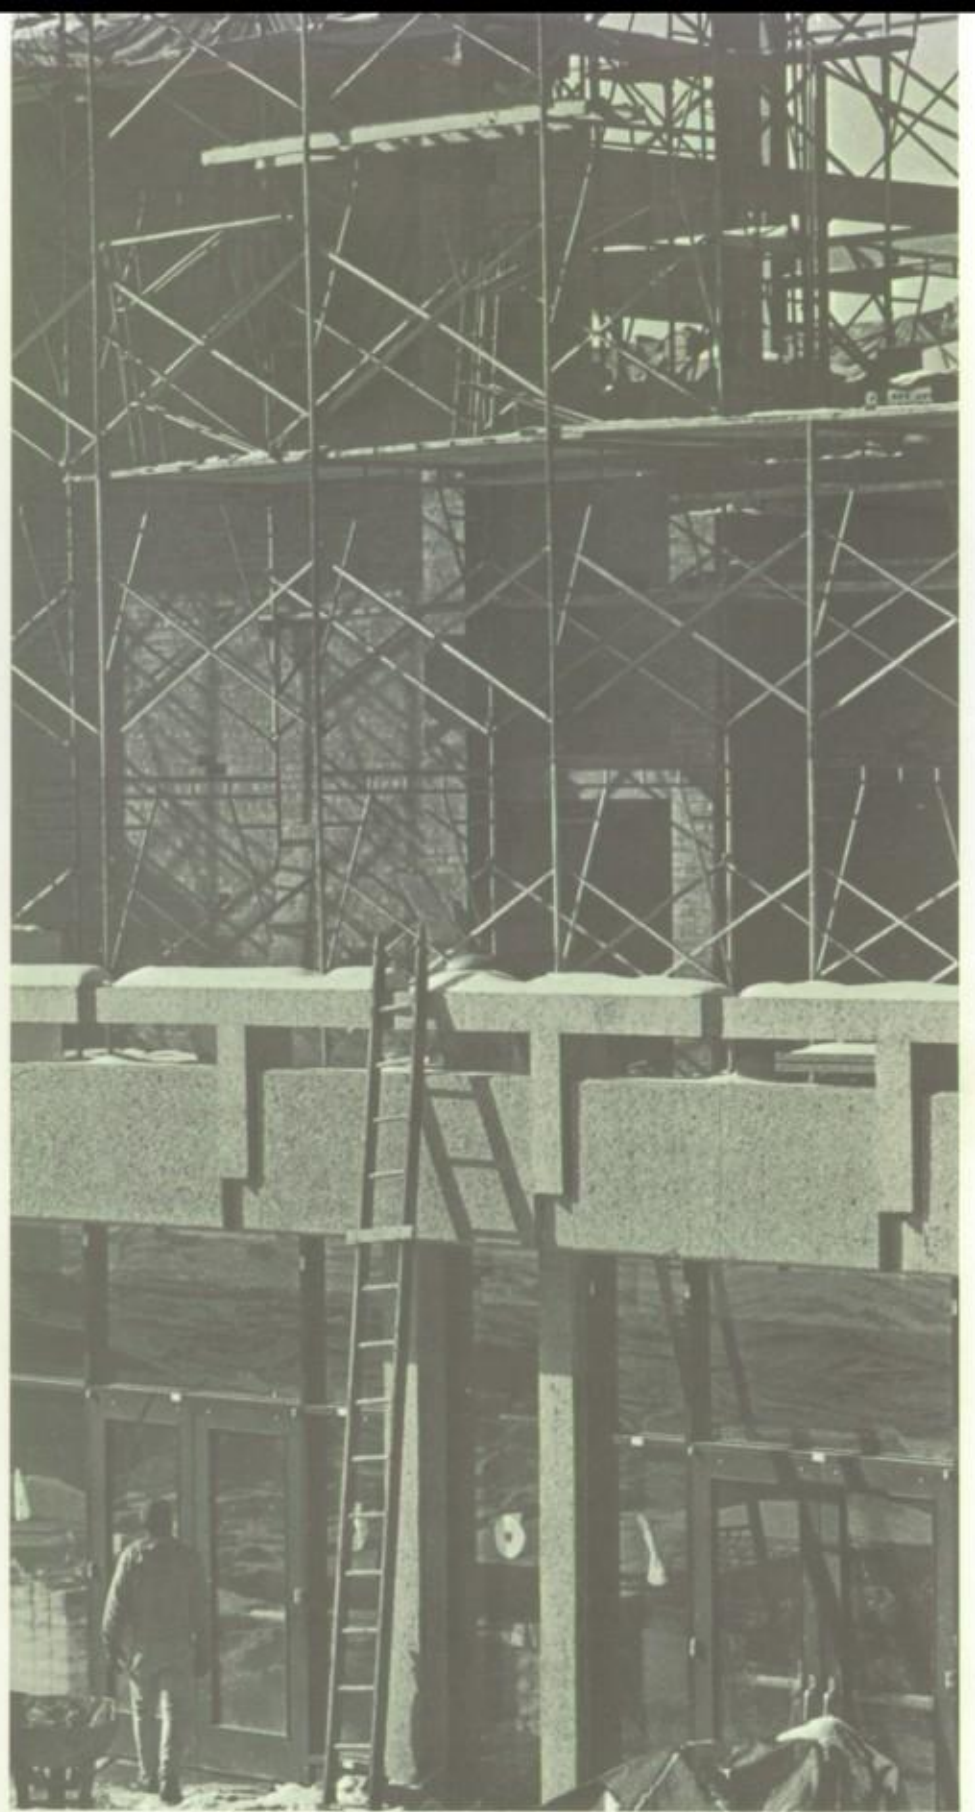

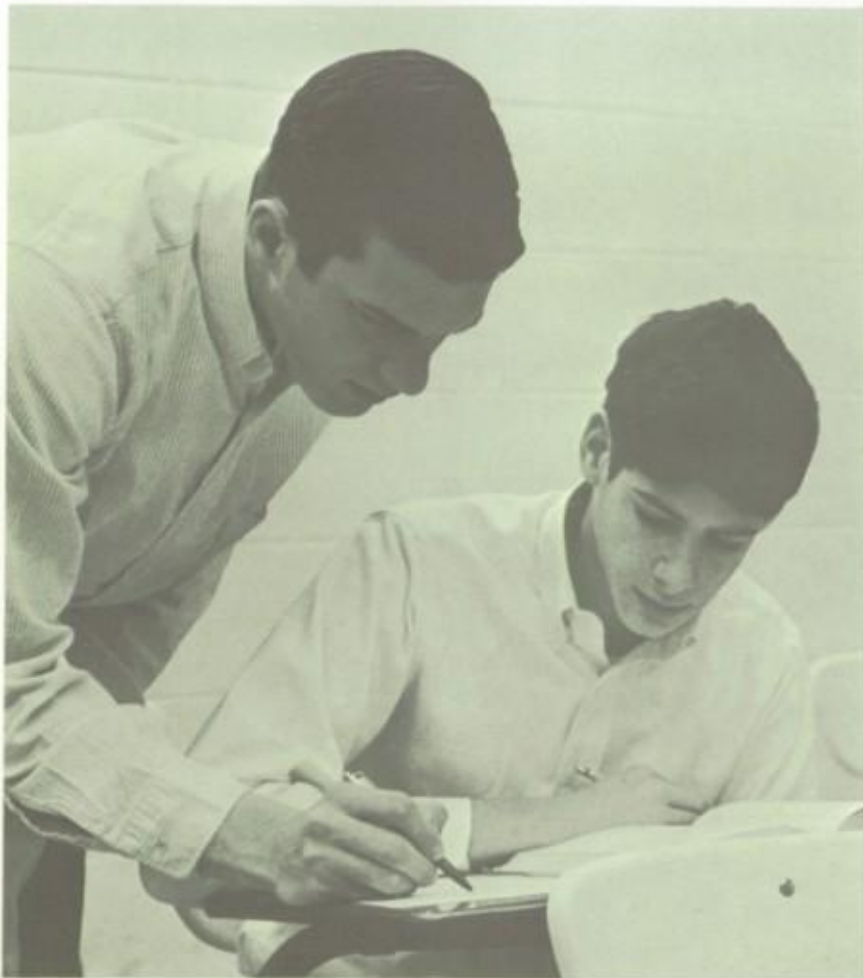

FESTIGES/1966

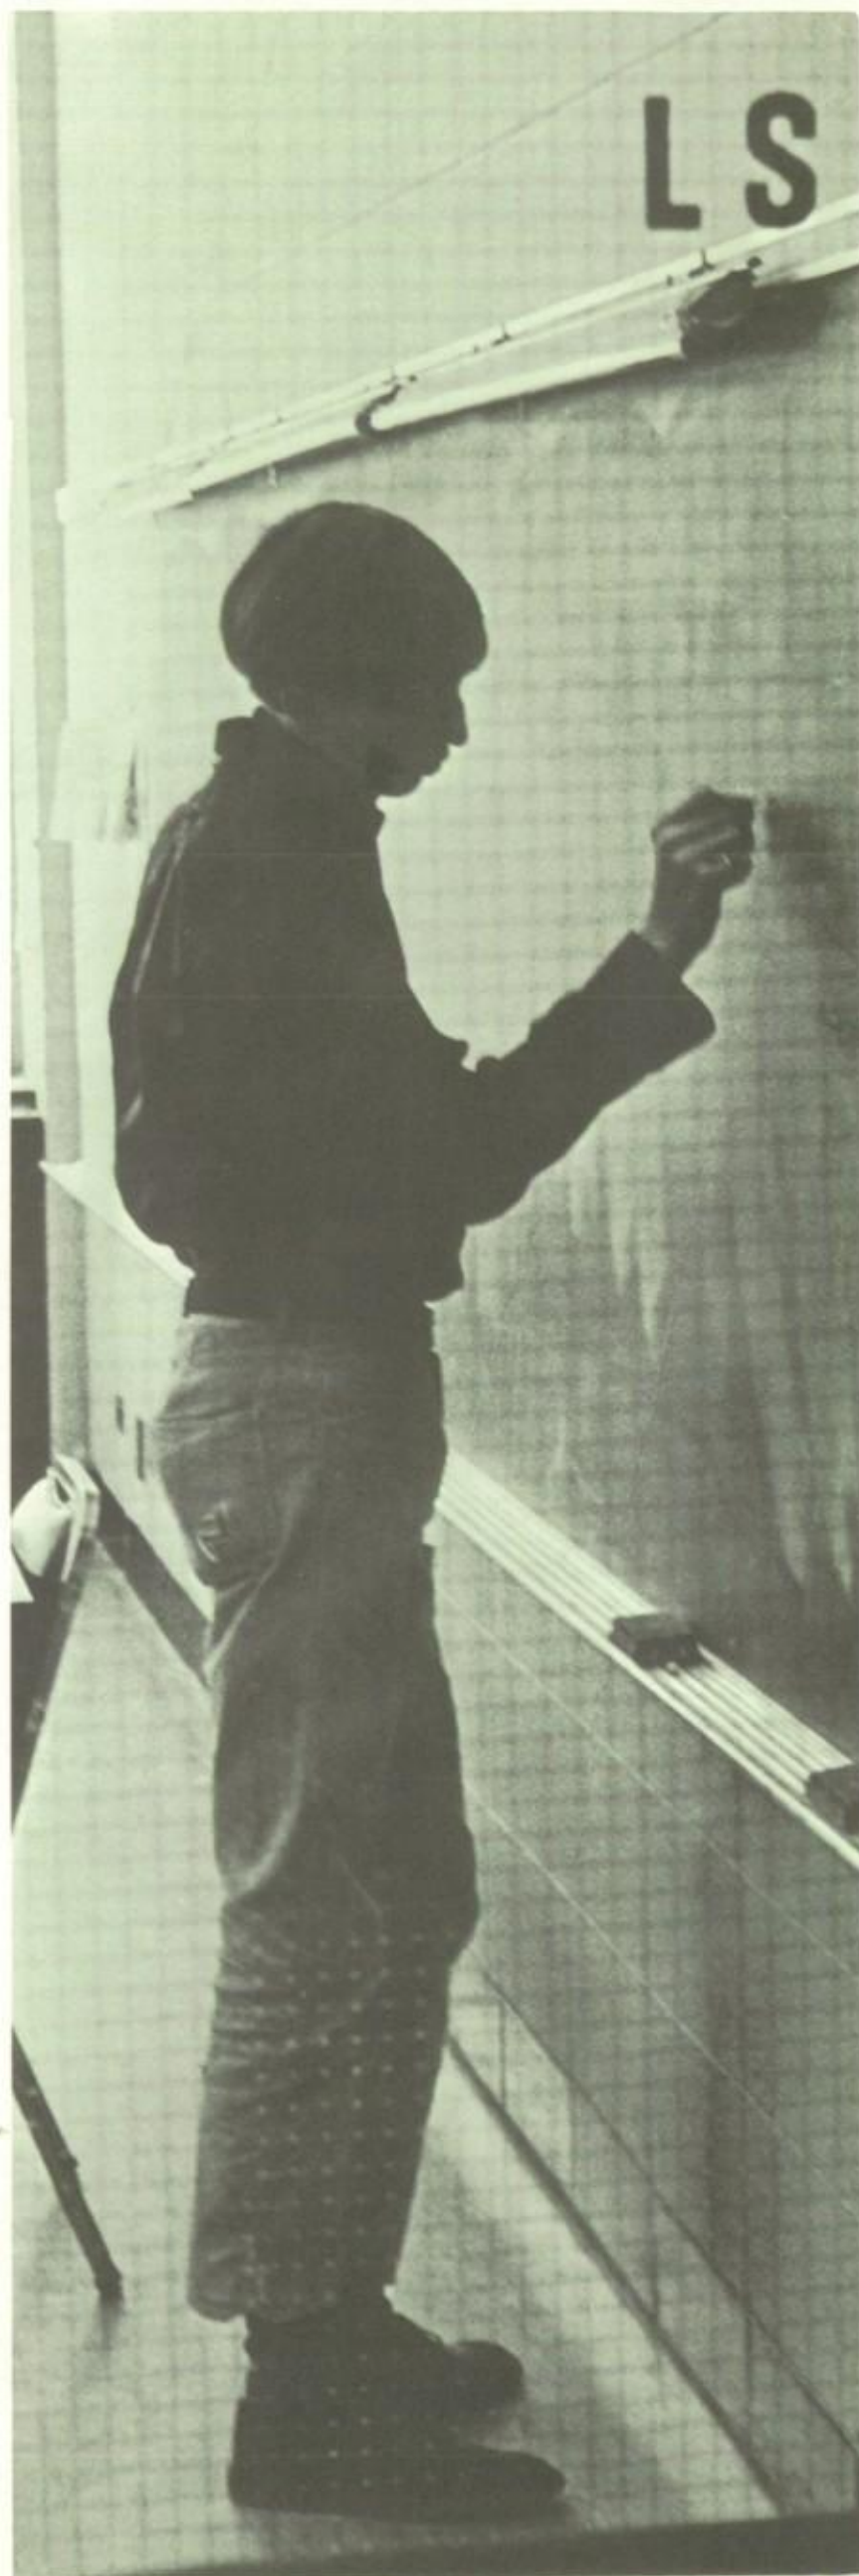

SCHOOL / NORTHFIELD, ILLINOIS.

A new day has begun ...

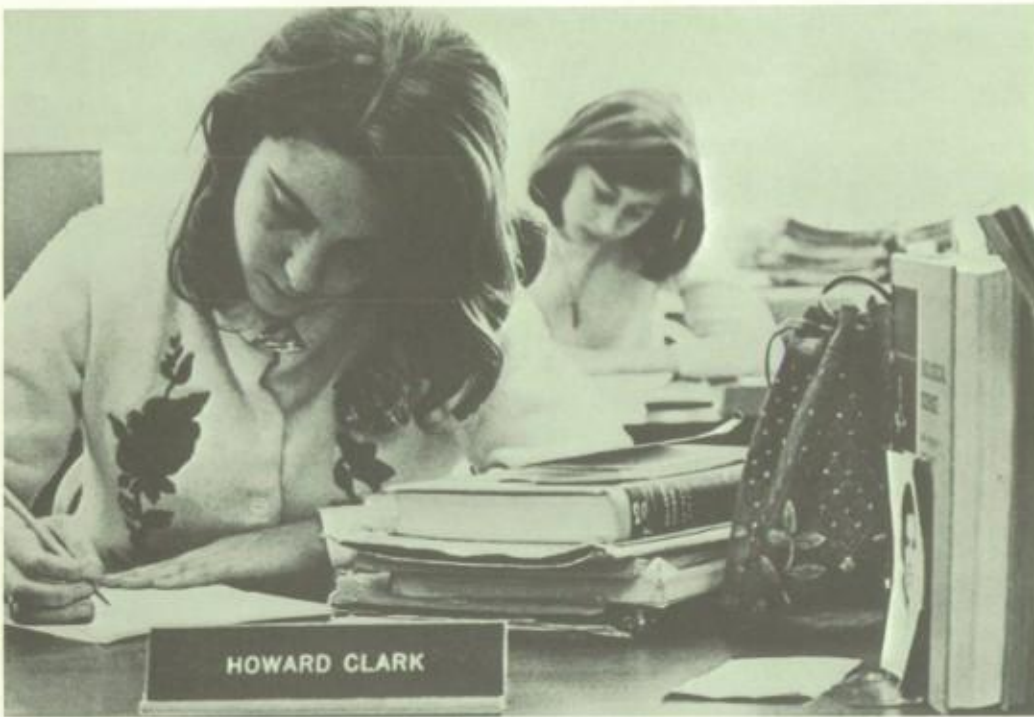

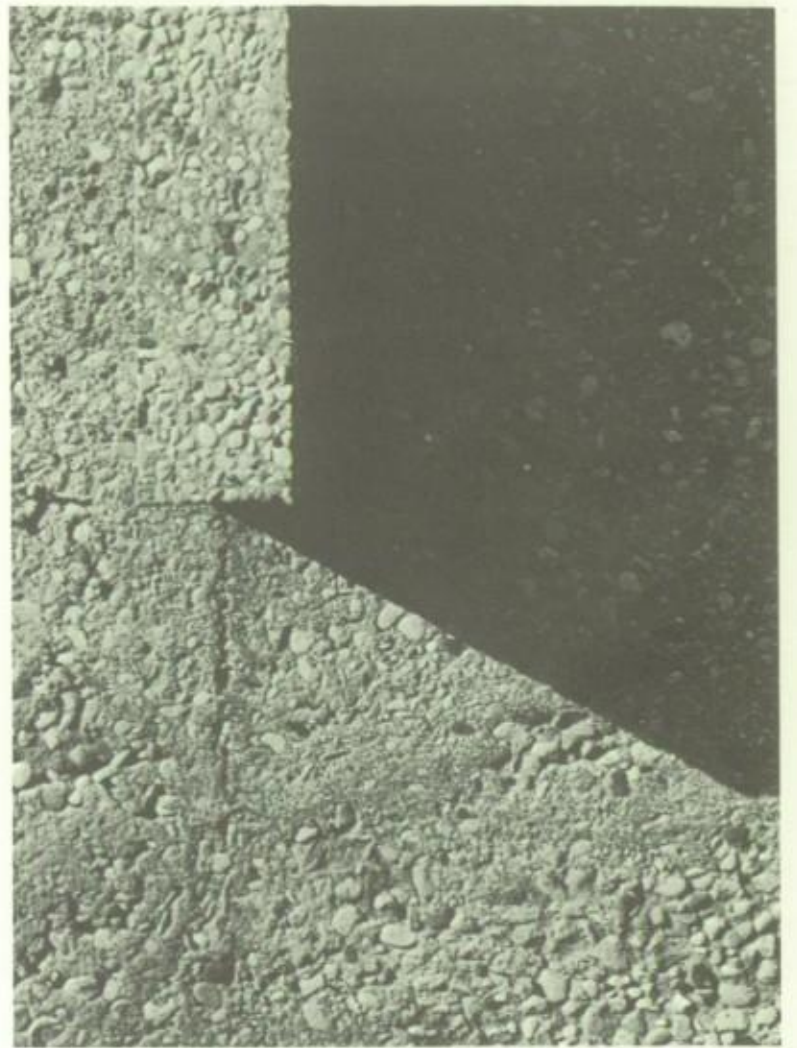

*for those who can experience
the joy of discovery ...*

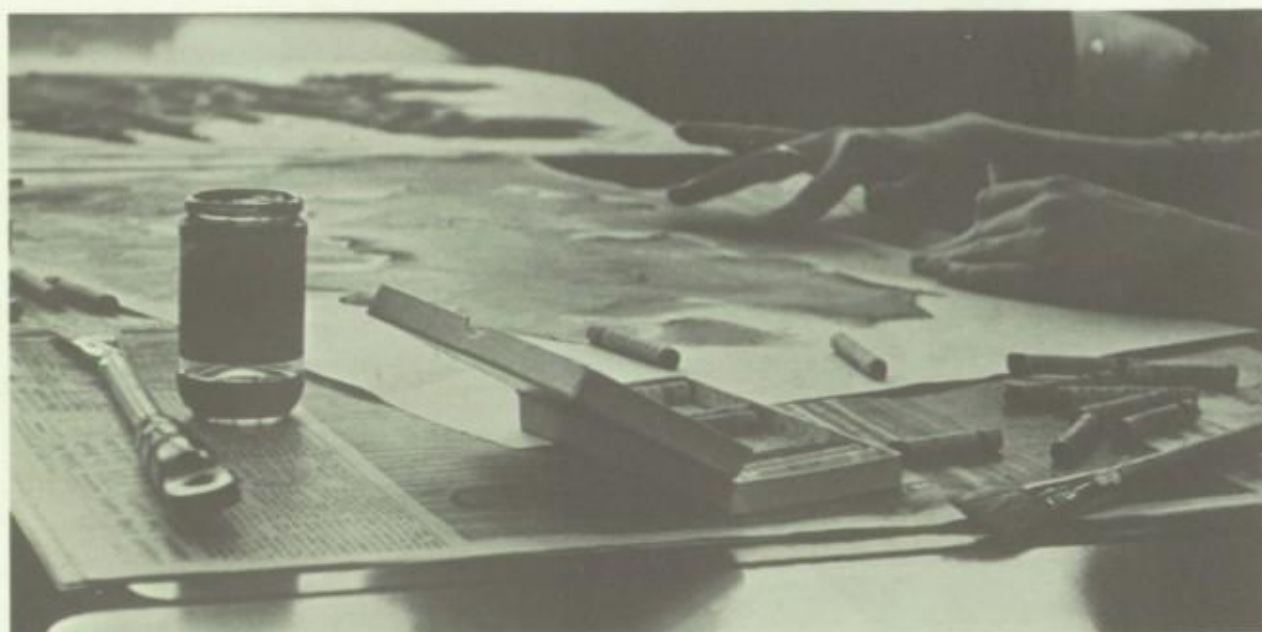

*the excitement
of expressing
individuality ...*

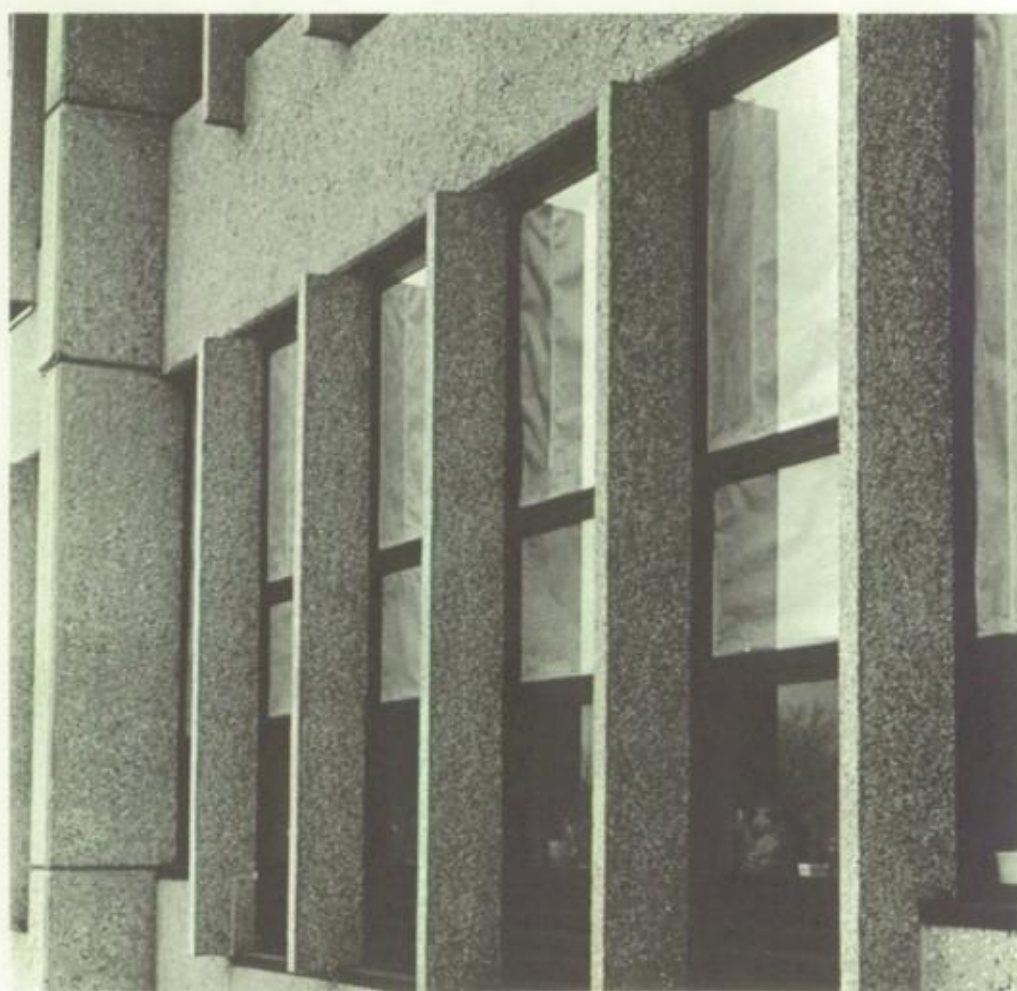

*with the poetry
that is the soul.*

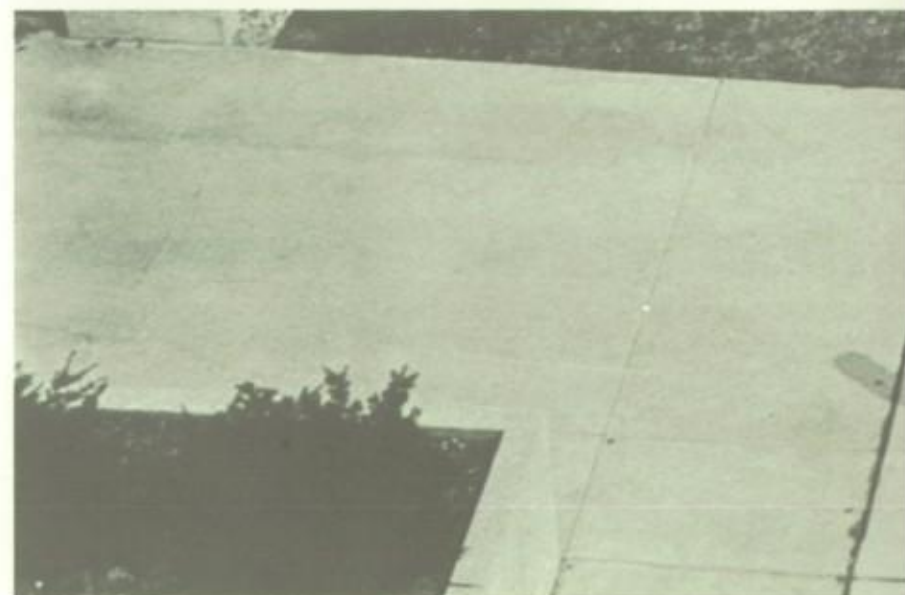

Vitality flourishes in this environment . . .

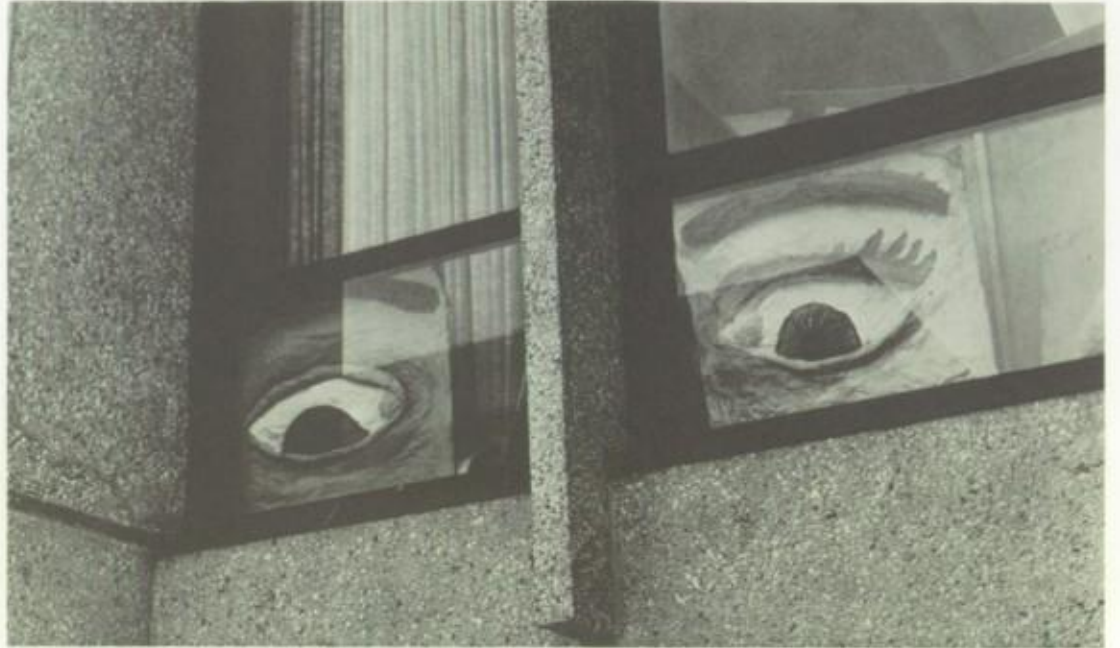

*where life neither begins nor ends
at three-thirty ...*

but only continues in a different vein;

*yet, when the
halls thin out
and the noise
dies away
in the dusk . . .*

the shadow of tomorrow lingers on.

What's new with the old faithfuls?

In addition to continuing the established systems of student supervised study halls and library, *Student Council* created the non-paid student cafeteria supervisors and entrusted them with the power of disciplinary action.

Girl's Club and *Tri-Ship* provided varied forms of service to the school throughout the year, but helped others as well by participating in two charity drives and a magazine drive, and by financing student social workers who weekly tutored children living in the inner city of Chicago.

For *GAA* and *IM* this was the Year of the Merge. Included with their regular curricula of sports were the co-ed bowling and ping-pong tournaments—and, of course, the co-ed skiing trips.

Pep Club discovered different ways to promote school spirit by sponsoring the school song contest and co-sponsoring the United Charity Drive dance.

About 30 student tutors regularly helped others to better their understanding of mathematics, languages, English, social studies, and science.

The reporting staff wrote and submitted to New Trier East all news stories about West appearing in the *New Trier News*.

The *Soundtracks* staff was kept busy preparing for the release of New Trier West's first recorded yearbook.
